

Set addition:

מה זה?
1. סוור סוף של אורג.
2. סוף סוף של אורג
אם כי יוסף סוף קו יוסף.
אם וי סוף של אורג
אורג אורג אורג.
אורג אורג?
could of course be any other shape.

Pack rats solid within the blue square and within the green square. In the grayed out area in the middle, they are doubly packed so they start migrating [using a rot-router like law, or some stochastic law] until they first reach an empty space, where they would settle.

Question. What is the limiting "red" shape?
