One of my prettiest rides ever! Also one of the hardest: at around 134km it wasn't my [longest](../2022.10.01_Ride_to_Niagara_Falls/index.html"), and at a vertical rise of 1,076m it wasn't my [biggest climb](../2022.08.28_Ride_Up_and_Around_Mont_Saleve/index.html"), yet the longest was much flatter and the biggest climb was in a much shorter ride. But I'm in okay shape, and there wasn't much wind, and the last 50km or so were mostly downhill, so it went well. A little bit of butt pain, but it wasn't my [most painful](../2020.12.05_Brantford_to_Port_Dover_Loop/index.html") ride either.

It will be hard to top this one!
