  "Only 43.5km. I had to make it a short ride because the forecast for the
     afternoon was lousy, and because I was exhausted after <a
     href=../2022.08.20_Belmont_to_Toronto_Drive/index.html>yesterday's
     drive</a>. So I rode to the rainbow... I had it in mind for a
     long time, but it was too near and I always preferred the longer
     rides. It was beautiful! And near as it was, the ride took me to a
     number of paths and neighborhoods that I've never visited before.",
